Aims of the Group:- The Dorset Mammal Group has been formed to promote interest in, and the interests of, all wild animal in (or offshore from) Dorset. The Group aims to combine scientific approach (e.g. supporting surveying, monitoring) with practical conservation and protection measures and with some aspects of welfare.

The Group is opposed to the recreational killing of animals but recognises that there are a number of difficult issues where a degree of human control is unavoidable.

I/we have read and agree with the aims of the group; I/we wish to apply for membership.
